TOUCH AND BE TOUCHED
WITH ART AS A CATALYST
to reach personal authenticity
with kindness and acceptance
of diversity in others.

Using art as a starting point HAWT envisions justice by addressing issues of power/vulnerability, masculinity/femininity, warmaker/peacemaker through the lens of victimization and oppression, including racism, sexism, ableism, classism and trans/homophobia.

Through exhibits, lectures, workshops, performances, books, essays, educational programs and websites, HAWT inspires the Bullied, Bully and Bystander to become the Brave Upstander and Everyday Hero.
